ABOUT ME

I'm Huy, a front-end developer with over 2 years of experience. My primary focus has been on using React and TypeScript. While my proficiency in .NET and Node.js is at a foundational level, I am eager to further develop these skills and broaden my expertise. Being a perpetual learner, I am always excited about exploring new technologies and staying updated on industry trends. My proactive approach to problem-solving and adaptability has been key to my success in diverse work environments.
